LEED Certification-U.S. Green Building Council

This notice is in response to the use of several of our products to help achieve Leadership in Energy & Environmental Design (LEED) certification. It references the LEED Green Building Rating System for new Construction & Major Renovations (LEED-NC) as published by the United States Green Building Council (USGBC). The Following table outlines different materials for Stanley Commercial Hardware hinges that support MR Credit 4.1, 4.2, and MR Credit 5.1:

Brand	Product	Post-Consumer Recycled Content*	Pre-Consumer Recycled Content**+	Total LEED Recycled Content Percentage
Stanley	4483-1/2 Wire Pulls	2%	0	2%
Stanley	4484 Wire Pulls	2%	0	2%
Stanley	4485Wire Pulls	2%	0	2%

* Recycled content defined in accordance with industry standards.

** Pre-consumer recycled content refers to waste material that is diverted from the waste stream and immediately placed back into the production cycle.

+Waste materials generated by the production of Stanley pulls are collected and shipped off site where it then reenters the recycle stream.

LEED Category: Material and Recourses (MR)

MR Credit(s) 4.1 and 4.2 Recycled Content: Post Industrial

Product contains post industrial content as defined by Guides for the Use of Environmental Marketing Claims, 16 CFR 260.7 (e) (available at www.ftc.gov/bcp/gmrule/guides980427.htm) and therefore qualify as credit.

MR Credit(s) 4.1 and 4.2 Recycled Content: Post Consumer

Product contains post consumer content as defined by guides for the Use of Environmental Marketing Claims, 16 CFR 260.7 (e) (available www.ftc.gov/bcp/gmrule/guides980427.htm) and therefore qualify as credit.

MR Credit 5.1 Regional Materials: Manufactured Regionally

The Pulls are manufactured by in China. If this facility is less then 500 miles from the project site, they qualify for credit.
