

9K Series Intruder Function by BEST

A complete lockdown strategy begins with simple solutions.

In an emergency, locking classroom doors quickly from the inside is a critical step in protecting children and staff. The BEST 9K lock is a classroom lock with a visual indicator that shows which way to turn the key to ensure the door is securely locked. This simple, yet significant, marker can make a big difference when every minute counts. Mechanical locks like the 9K are an integral part of a comprehensive security strategy, and are also a cost-effective answer to the ongoing demand to make schools and classrooms more secure.

Secure classroom doors simply, safely and reliably.

Choose the 9K lock with intruder function for a smart, fast lockdown solution that you can trust in any situation.

- **Increased security:** Faculty can lock the door quickly and securely from the inside without going outside the classroom.
- **Simple to use:** Visual indicator ensures that anyone can lock the door correctly and quickly.
- **Durable:** Tested to over 4 million cycles, which exceeds the ANSI standard for Grade 1 cylindrical locks and exceeds Grade 1 abusive locked lever torque.
- **Easy to maintain:** Lever return springs provide resistance to lever sag, which ensures that the lever assembly will not need to be reset or replaced once installed. Lever return springs are also protected inside the die-cast hub to minimize any maintenance.
- **Easy to install:** Pre-assembled hub design greatly reduces the complexity and time required for installation. Installation can be completed in five steps.
- **Quick rekeying:** BEST interchangeable core allows for customized masterkeying and quick keying changes.

The BEST 9K is dependable and delivers superior security in countless environments. And with easy core interchangeability and a broad selection of functions, styles and finishes, is ideal for retrofit and new construction alike.

BEST 9K sets the standard for premium-quality, heavy-duty lock solutions.

Designed to perform when you need it most.

We designed the 9K series to deliver exceptional results in more applications. With durability that exceeds ANSI Grade 1 requirements and options to accommodate a host of potential requirements, the BEST 9K series ensures premium performance.
