

EZ Series Keypad Locks by BEST

Versatile keyless entry.

BEST's EZ Series keypad locks—available in cylindrical, mortise, and exit trim versions with trim and finish options aligned with BEST 9K and 4OH devices—offer a simply managed key replacement solution. With the heavy-duty mechanical platform and tough security features you expect from BEST, the Keypad EZ Series delivers quality and performance as well as simplified management. Keypad EZ Series locks work with up to 1000 unique credentials and allow manager control for varied access rights.

The BEST EZ standalone electronic keypad lock.

The EZ Series combines BEST's reliable mechanical platform with security and design features for high security even on lower use doors. Simple to manage but reliable and durable, the EZ Series delivers excellent keyless solutions.

- **Easy to manage.** Each EZ Series lock allows up to 1000 unique credentials, easily managed with different rights and access parameters.
- **Durable quality.** Manufactured from top materials, Keypad EZ Series locks are weather-resistant, and designed for long-lasting functionality.
- **Versatile function.** Keypad EZ Series locks are available in cylindrical, mortise, and exit trim versions.
- **Time based features.** Program simple repeating schedules for passage mode : monday-friday, weekends or 7 days a week.
- **Service Codes.** Program temporary service codes that expire after use. Flexible programming options allow for programing codes to work up to 24 hours.
- **Lockdown.** Options for passage toggle button which allows for quickly locking the door (exiting passage mode) from inside door, without entering a hallway in the case of an emergency.

This heavy-duty mechanical platform is designed and manufactured for the toughest applications and can be utilized with a variety of trim styles.

BEST EZ Series keypad locks deliver high quality, keyless convenience, and reliable performance.

Heavy-duty keyless solutions.
