

CORMAX+

Premier Patented Keying System
by BEST

The BEST at Every Turn

Your Ultimate Key Control Solution

When investing in a security solution, you want nothing short of the best. That is why we developed the new CORMAX+ patented keying system.

CORMAX+ is a new patented key control solution that integrates with your existing SFIC hardware to reduce threats from lost or stolen keys and prohibit unauthorized key duplication.

But what makes this new patented keying system so unique? It starts with an innovative key-and-core design.

Patented Protection

The innovative CORMAX+ SFIC features a patented security rod that utilizes a rack and pinion, designed to work only with a special slot in every CORMAX+ key. In addition, the system's patent, good until 2043, reduces threats by prohibiting unauthorized key duplication, offering ultimate control. Finally, CORMAX+ cores are available in drill-, pick- and wear-resistant options.

CORMAX+ Keying System

Small Format Interchangeable Core (SFIC)

- Patented security rod
- Drill-, pick- and wear-resistant options
- Compatible with existing SFIC hardware

Key

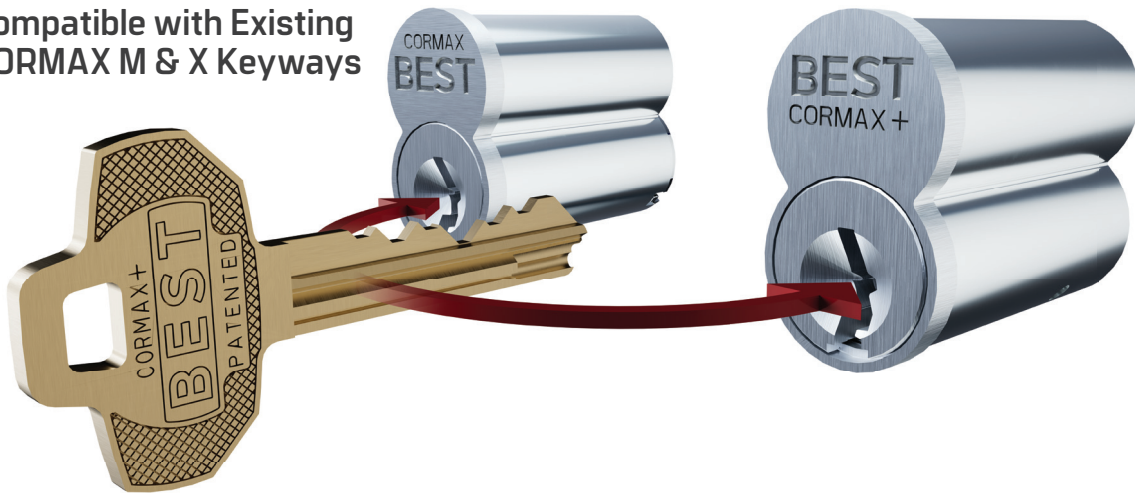

- Precision-etched slot
- Prevents unauthorized duplication
- Compatible with CORMAX M and X Keyways

Backward Compatibility

True to our heritage as the original SFIC manufacturer, CORMAX+ cores fit easily into existing SFIC hardware, and CORMAX+ keys are compatible with CORMAX M and X keyways for easy phase-in and seamless change-over.

**Compatible with Existing
CORMAX M & X Keyways**

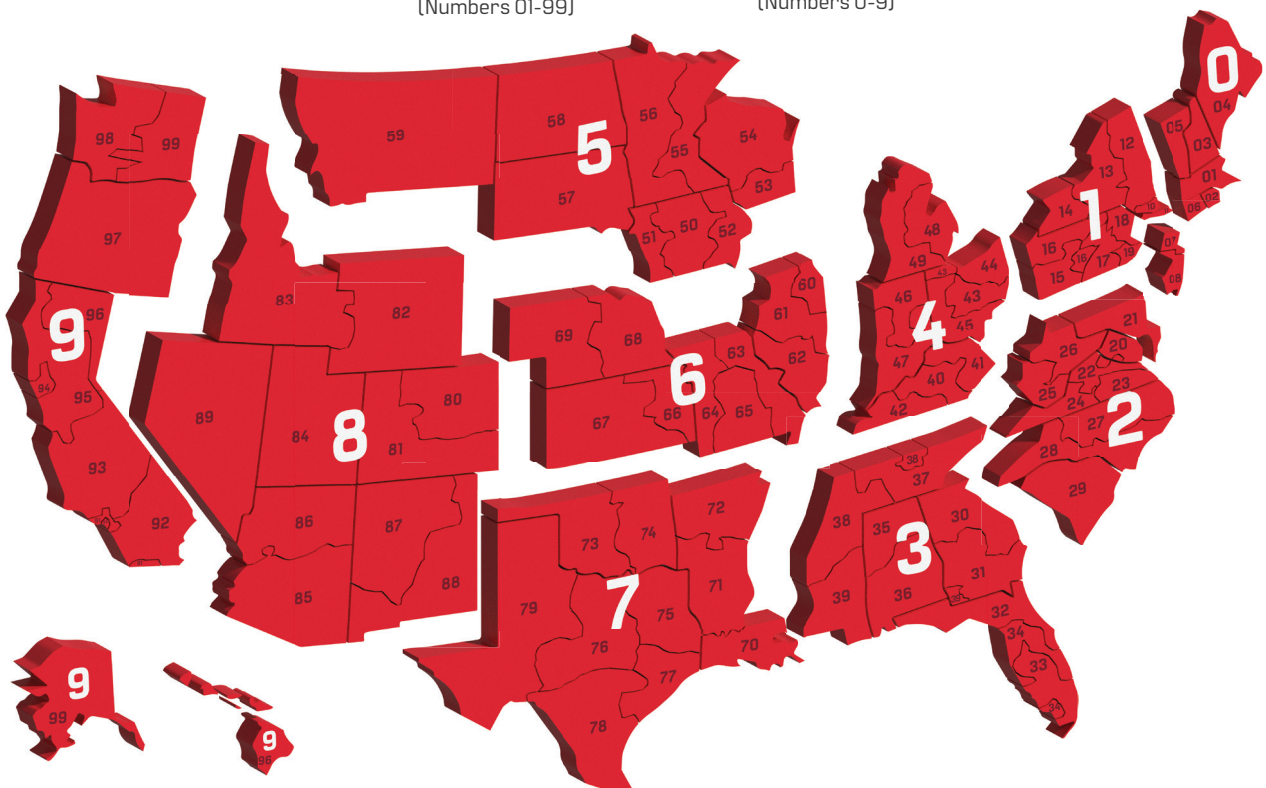

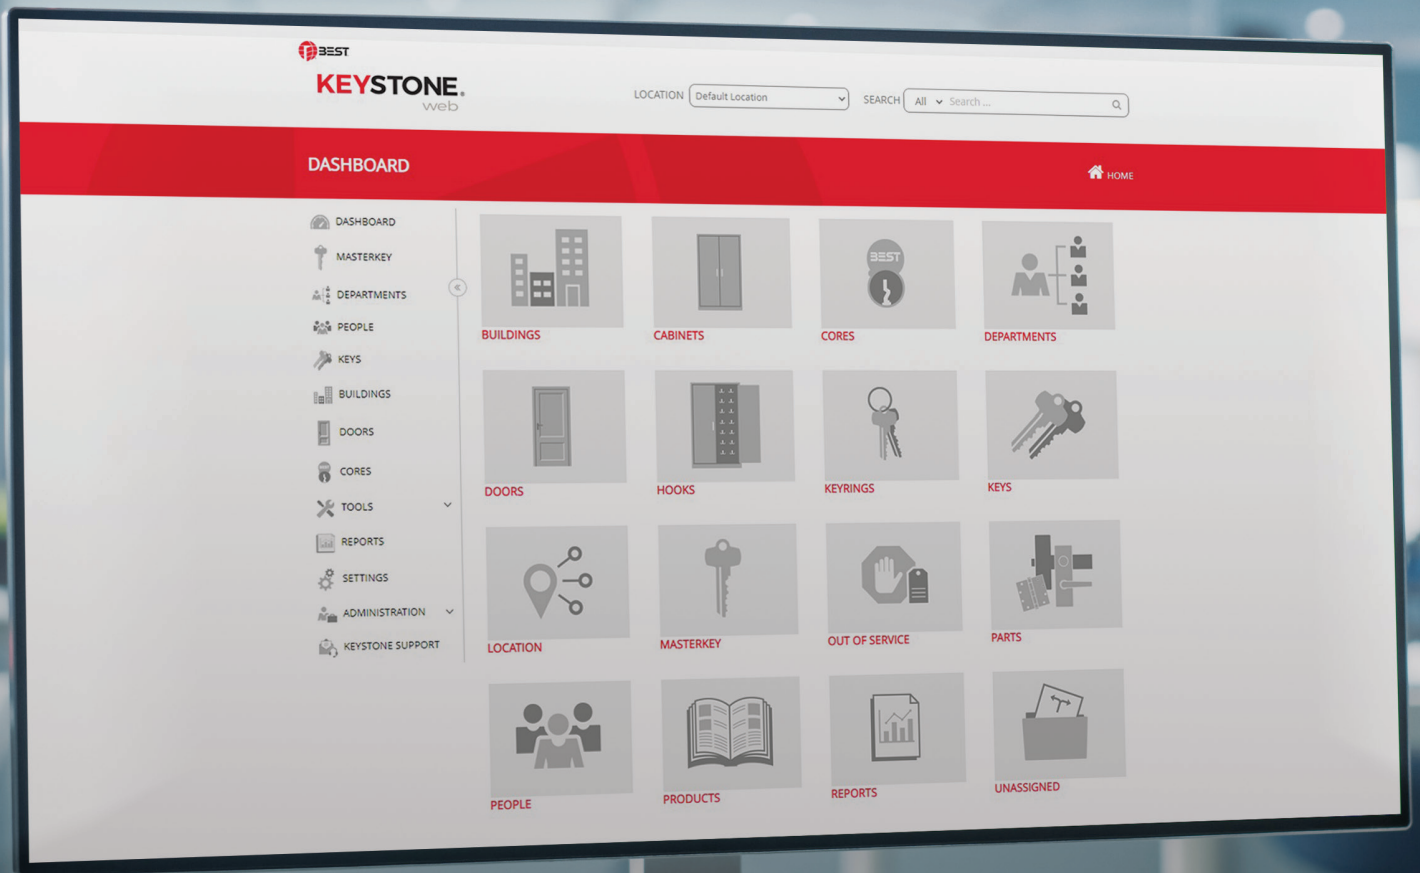

Geographic Exclusivity Options

CORMAX+ systems are available with optional geographic exclusivity based on zip codes, adding yet another layer of security to your system.

Four levels of exclusivity:

- **Level 1:** Non-exclusive
- **Level 2:** Exclusive within first two digits of zip code (Numbers 01-99)
- **Level 3:** Exclusive within first digit of zip code (Numbers 0-9)
- **Level 4:** National exclusivity

Maintaining Your CORMAX+ System

Once the CORMAX+ patented keying system is installed and operational, Keystone Web software will help end users maintain the system and administer control and access.

Security Plans Tailored to You

Our Keying System Specialists are subject matter experts. They can assist during or after the design phase by assessing your facility and generating a complete and detailed security solution that meets your current needs and scales as you do.

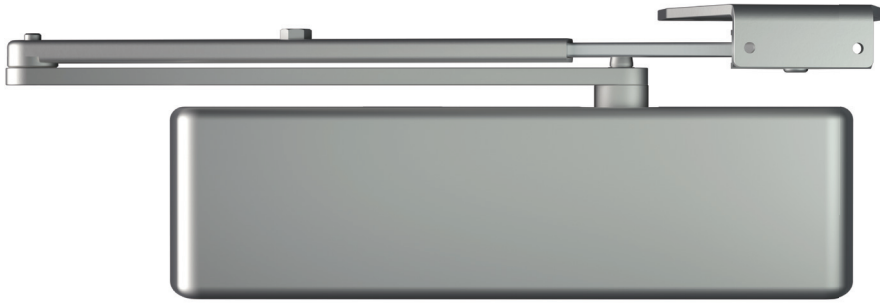

BEST CORMAX+ Cores and Keys Specifications

General		
BHMA Standard	BEST - SFIC	
Product Specifications	A156.5, Grade 1	
Utility Patent	2043	
Physical		
Core Material	Brass	
Key Material	Nickel-Silver	
Finishes	605, 606, 611, 612, 613, 618, 619, 622, 625, 626, 690	
Core Size (pin count)	6 or 7	
Keyway Count (excluding multi-milling)*	> 30	
Key System	A2, A4	
Security Levels**		
Level 1: Non-exclusive	Offered	
Level 2: Two-digit zip code exclusive	Offered	
Level 3: One-digit zip code exclusive	Offered	
Level 4: National exclusive	Offered	
Features		
Warranty	3 year limited	
Pick and Drill Resistant	Option	
Key Trap	Option	
Wear Resistant	Option	
Backwards Compatibility	Both Cormax M and X series keyways	
Milling (sectional keyways) Capability	Double, Quad	
Construction Core to Permanent Keying Support	Yes	
Keystone - Key and Core Control Management***	Service Option	
BESTCode - Masterkey System Support	Service Option	
Custom Key Stamping***	Service Option	
Packaging (Uncombined Cores and Key Blanks**)		
Single Unit package Dims (L x W x H) - Key	2 1/2" X 4 1/4" Envelope	
Single Unit package Dims (L x W x H) - Core	2 1/4" X 3 1/2" Envelope	
Single unit package weight (lbs) - Cores	.112 lbs	
Single unit package weight (lbs) - Keys	X Series: .028 lbs	M Series: .024 lbs
Masterpack count - Cores	50	
Masterpack count - Keys	X Series: 100	M Series: 144
Masterpack package Dims (L x W x H)	4 1/4" X 4 1/8" X 3" to 3 1/8"	
Masterpack Package weight (lbs) - Cores	5.6 lbs	
Masterpack Package weight (lbs) - Keys	X Series: 2.88 lbs	M Series: 3.5 lbs

Shown in the chart below are the single CORMAX+ keyways and their multi-milling (sectional) options. CORMAX+ offers 44 unique keyways, 176 level options, and continues to grow and evolve.

Keyways	Single				Double		Quad
M Series	PMJ	PMK	PML	PMM	PMJK	PMLM	PMJLKM
X Series	PXA	PXB	PXC	PXD	PXBA	PXDC	PXDCBA
	PX1	PX2	PX3	PX4	PX5	PX6	PX7
	PX8	PX9	PX10	PX11	PX12	PX13	PX14
	PX15	PX16	PX17	PX18	PX19	PX20	PX21
	PX22	PX23	PX24	PX25	PX26	PX27	PX28
	PX29	PX30	PX31	PX32	PX33	PX34	PX35
	PX36	PX37	PX38	PX39	PX40	PX41	PX42
	PX43	PX44	PX45	PX46	PX47	PX48	PX49
	PX50	PX51	PX52	PX53	PX54	PX55	PX56
	PX64	PX65	PX66	PX67	PX68	PX69	PX70

* Keyway offerings will continue to grow. ** Certain restrictions apply. *** Additional charges will apply.

BEST for Over 100 Years

We designed the world's first small format interchangeable core back in 1919. More than a hundred years later, we are still the world's leading small format interchangeable core manufacturer. But that is not all we are.

The expanded portfolio of BEST products, such as exit devices, door closers and hinges, and the BEST locks, keys and cores make up a complete security solution you can count on.

We work tirelessly designing, redesigning, creating and innovating to give you new security solutions that work with you—solutions that are flexible, scalable and, best of all, dependable.
